curriculum vitae

C.V.

Personal Information :-

Name :   Feras Abdul Redha A. R. Al_Temimi
Date of Birth :   1972
The Gender :   Male
Marital Status :   Married
Nationality :   Iraqi
Occupation :   Civil Engineer
Current Address :   Iraq ,Thi – Qar , Nassiriyah.
Languages Spoken :   Arabic – Mother Language – & English.
Personal Mobile No. :   00964 (+) 07808040682 Zain Telecom .
Others Mobiles No. :
E-mail :   feras.temimi@yahoo.com

Education :-

· University of Baghdad, Engineering College, Civil Engineering Department, Graduate Studies, 2014.
· University of Baghdad, Engineering College, Civil Engineering Department, 2001.
· Institute of Technology, Civil Department, Building & Construction Engineering, Baghdad, 1993.

Scientific degree and Certificates :-

· M.Sc. Degree in Structural Engineering, University of Baghdad, 2014.
· The average in M.Sc. Degree was (81.730) i.e. (Very Good).
· B.Sc. Degree in Civil Engineering, University of Baghdad, 2001.
· My Sequence of Graduation in the university was the (First) student among the whole civil department, and my average was (83.172) i.e. (Very Good).
· Diploma Degree in Building & Construction Engineering, Civil Department, Institute of Technology, Baghdad, 1993.
· My Sequence of Graduation in the institute was (First) student among the whole institute Students, and my average was (89.68) i.e. (Very Good).
· TOEFL certificate in English Language Test, University of Baghdad, 2000.
· Official TOEFL certificate in English Language, Thi-Qar University, 2000.
· IC3 Test certificate in Computer Science, Thi-Qar University, 2000.
· I am a member in the Union of Iraqi engineers with a rank of consulting engineer.

Researches and Publications :-

· Free Vibration Analysis of Curved Cellular Bridges, 2014.
· Earthquake Analysis of Curved Cellular Bridges, 2014.
· The Proposed Method For Designing Of Concrete Admixtures.
· Studying the Effect of addition the Dursban Material On The Compressive Strength Of Concrete.
· Design of The Irrigation and Drainage Canals By The Computer.
· Design of The Shallow Foundations By The Computer.

Training Courses :-

· Computer Courses (MS – DOS, WINDOWS, STAAD – III, M.S. office, FoxPro, DataBase, Access) and many others programs.
· Total Station Training Course in Cambridge Institute.
· Structural Analysis & Design Training Course on Staad Pro Software in Cambridge Institute.
· GPS & GSI Training Course in Mittica.
· Structural Design Training Course in Mittica.

Experiences :-

· I have a rank of a consulting engineer with the Union of Iraqi engineers.
· I am working as a consulting engineer overseeing the many engineering projects.
· I am working as a structural engineer in many engineering projects.
· I am working in the field of analysis and design the structures in many projects.
· I have a good experiences in many laboratory tests.
· I am working in the laboratory of engineering college of Thi_Qar university.
· I am working as an supervisor engineer overseeing the many engineering projects.
· I previously supervised the many engineering projects at the University of Dhi-Qar, with rank of engineer.
· I was a manager of a computer services office which I have it.
· I am working in the design of homes plans as a free works.
· I am working in the estimate field of some projects, as a free works.
· I am working in the design of Economical benefit for some projects, as a free works.
· I can work in the Survey field.
· I have a good experiences in computer maintenance and supplies the computers.
· I have a good experiences in Programming Languages and deals with the DataBase Programs.
· I am working in Consulting Bureaus of engineering college & University of Dhi-Qar.

Qualification and Skills :-

· I have an excellent experiences (Professional) in general computer programs, such as : M.S. office (Word, Excel, Access and PowerPoint), Photoshop, and many others programs.
· I have a good experiences in the engineering computer programs, such as : AutoCAD, Staad-Pro, 3D Home Design and many others programs.
· I have a good experiences in the programming languages programs, such as : Basic, Quick-Basic, FoxPro, Fortran, DataBase Programs and many others languages.
· I have a good experiences in using of the Internet, and deals with its programs.
· I have a good experiences in deals with Design, Analysis & Estimation for many projects.

Thanks, and With my best wishes ...

The Instructor
M.Sc. Feras A. R. Temimi
15 / 2 / 2016
